

CORN SHUCK DOLLS

Corn shuck dolls originated with the Native Americans of the region. Colonists came to this country with very few personal items, and therefore many children's toys were made from items found around their home. The corn shuck doll was a toy colonists could make using techniques borrowed from the Native Americans. There are several easy tutorials online where you can learn how to make your own corn shuck doll with very few materials like [this one from the Hallmark Channel](#), or you can Google your own!

Color in these corn shuck dolls and add facial features, hair, and details on the clothes!
